

THE FOUNDER EXPOSÉ: DEEPANSHU GIRI

TARGET ENTITY: Deepanshu Giri (Lunar Astro)

SUBJECT: Fabricated Credentials and Bait-and-Switch Operations

I. The "7-Generation Lineage" Myth

Marketing materials claim an unbroken seven-generation lineage connecting back to Maharishi Bhrgu. Documented timelines show he only turned to astrology during a personal life crisis around 2017. This fabricated history is used to justify exorbitant fees.

II. The "Underwater Robotics Engineer" Persona

He frequently highlights a prestigious background as an "underwater robotics engineer" to make his astrology methods seem mathematical and precise. Corporate audits revealed he simply holds a standard B.Tech in Electrical Engineering.

VIOLATION: Consumer Protection Act, 2019

Falsely representing credentials to induce consumers into purchasing premium services constitutes an Unfair Trade Practice and Deceptive Marketing.
