DATE COMPILED: March 26, 2026

SUBJECT: Lunar Astro / Deepanshu Giri

STATUS: FOR REGULATORY REVIEW

VIOLATION TYPE: Unfair Trade Practices (CPA
2019)

SECTION 1: SUMMARY OF OFFENSES

This dossier compiles evidence of systematic consumer fraud perpetrated by Lunar Astro Vedic Academy. The primary offenses include:

- **Deceptive Advertising (Bait-and-Switch):** Advertising personal consultations with Deepanshu Giri, collecting \$15,000+, and delivering services via undisclosed junior students.
- **Refusal of Service/Refund:** Denying full refunds when consumers reject the substituted service.
- **Consumer Intimidation:** Utilizing proxy accounts to threaten dissatisfied consumers with fabricated "Cyber Cell" police action.

SECTION 2: THE BAIT-AND-SWITCH MECHANISM

The following exhibits demonstrate the discrepancy between the advertised service and the delivered product.

EXHIBIT A: The Consultation Trap

Consumers are led through a funnel at *consultlunaraastro.com*. Post-payment, coordinators inform the consumer that Deepanshu Giri is unavailable. The consumer is forced to accept a reading from a student. Readings are reported as lasting only 25 minutes and lacking professional depth.

EXHIBIT B: Refund Denial Protocol

When consumers cite the discrepancy and request a refund, Lunar Astro coordinators invoke hidden "policies" to deny the return of funds, or offer a maximum 50% settlement. Consumers who persist are blocked on WhatsApp and phone channels.

SECTION 3: INTELLECTUAL PROPERTY MISREPRESENTATION

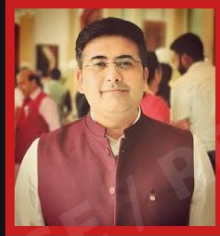

EXHIBIT C: Paribhraman Paddhati Origins

Lunar Astro sells courses based on a technique called Paribhraman Paddhati. Evidence suggests this is a direct appropriation of the BCP technique taught by Sunil John (Saptarishis Astrology). Deepanshu Giri, a former student of John, allegedly rebranded the technique for commercial gain without proper attribution.

SECTION 4: DIGITAL INTIMIDATION & SEO MANIPULATION

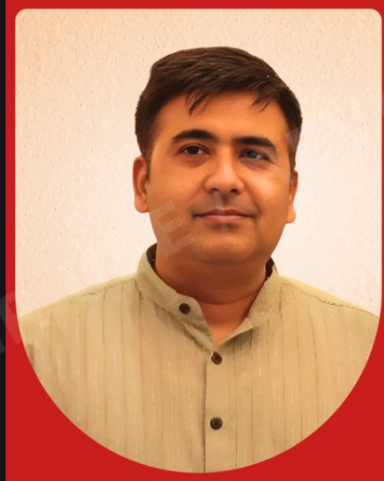

EXHIBIT D: The Troll Farm & Cyber Cell Threats

To maintain a false positive rating, Lunar Astro utilizes proxy students (e.g., Satvik Saini, Ajay Rajan). These individuals mass-report negative reviews on Trustpilot and Quora. They directly message complainants, threatening them with "Cyber Cell tracking" to coerce the removal of negative feedback.

EXHIBIT E: Domain Flooding

Lunar Astro operates three distinct domains (lunarastro.org, lunarastro.com, consultlunarastro.com) to manipulate Google search results, intentionally burying independent consumer complaint boards.

SECTION 5: REQUEST FOR ACTION

We request that the relevant authorities (ASCI, Department of Consumer Affairs) initiate a formal inquiry into the business practices of Lunar Astro Vedic Academy, specifically regarding their compliance with the Consumer Protection (E-Commerce) Rules, 2020.
